

BAMBOO JOINT CLOSURE

24/48/96 PORTS

Product Overview

24/48/96 core fiber optic closure

The Splice closure is an indispensable equipment used in Fiber Communication System, play the roles in sealing, protection, installation of fiber connector head and storage. It is applicable well in cable splicing and with the protection function on fiber optic connect head.

Product Name	24/48/96 Core fiber optic closure
Shape	Dome Type
Size	540mm
Weight	2.4Kg
Material	PC

Material characteristics	<ul style="list-style-type: none"> • Weather proof, water-proof, dust-proof, protection level up to IP68 • Construction-lightweight engineering grade plastic offers strength • Resistance to chemical and U.V attack • Aerial, Underground, Wall, Pole & Duct installation • With heat shrinkable sealing at all ports • Mechanical screw less sealing for repeat usage
Material	PC
Ports	One oval three round
Cores	24/48/96
Color	Black
IP degree	68
Inlet cable dimension	<16mm
Installation method	Aerial mounting, pole mounting
Dimension	Dia at Dome 165mm Dia at Seal Lock 178mm Height 540mm
No. of splice tray	2
Capacity per tray	12
